AZ CORP COMMISSION
DOCKET CONTROL

Dear Ms. Mayes:

I know you can get the job done.

Please, please, please intercede for the Sun City Tax Payers Association and we elderly residents of Sun City (many of which are low income) in curtailing APS and their constant rate hikes. The interim rate hike alone is a strain financially for many of us. Do we have to resort to adjust our thermostats because APS insists on continually raising our rates? Older folks have physical problems that cause a hardship if we cannot keep ourselves comfortable i.e. give us a break APS.

We have great faith in you and your abilities and compassion to help us. Please consider our situation.

We deeply thank you for your time and your devotion to your job.

Lil and Jim Ivester
